For the attention of:
Mr James Hannington

Dear James,

My apologies for the delay in writing to you, Christmas and New Year has been extremely busy.

I wanted to thank you and the rest of the band for a fantastic performance at the Air Business Christmas party. This was the first year that we have had live music and it exceeded all my expectations. The feedback from everyone that attended was extremely positive and that your contribution really made the evening. In particular there seemed to be a good balance of songs to cater for all tastes.

I will be calling you nearer Christmas 2007 about a repeat performance! Please do not hesitate to use this testimonial should you wish, I would certainly have no hesitation in recommending you to others.

Best regards

Adam
